1991

Fisher College
118 Beacon St.
Boston, MA 02116

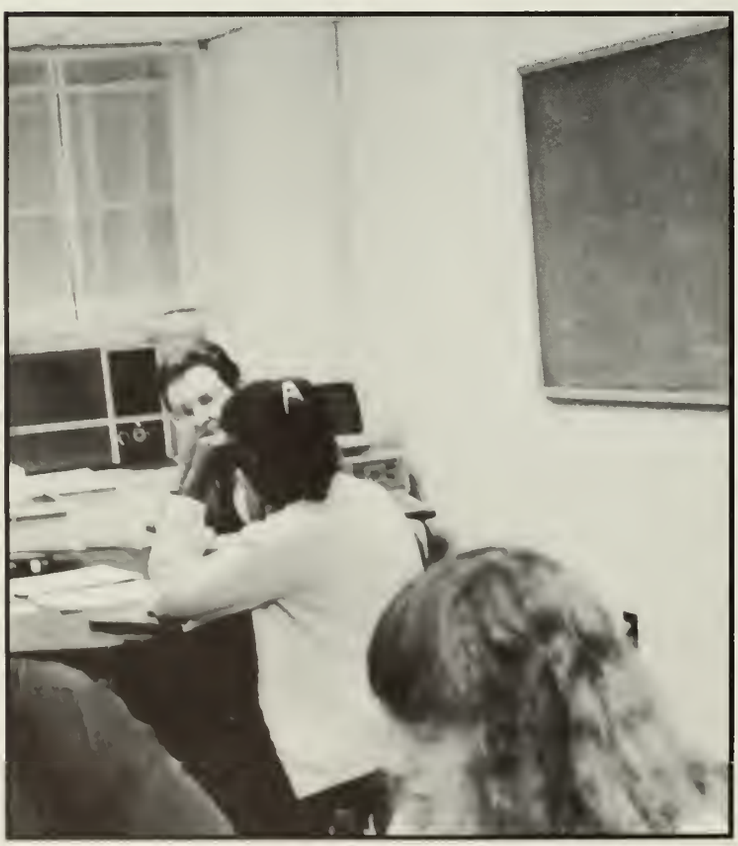
The 1991 Beacon is dedicated to Dr. Charles C. Perkins, Associate Dean for Academic Affairs.

Dr. Perkins has been part of the Fisher College administration since 1976. He has developed and taught courses here and at Suffolk University, and was recognized at both institutions for teaching excellence. He became an honorary member of the Phi Theta Kappa Scholastic Fraternity in 1981 and was chosen an Outstanding Member of the Faculty of Fisher College in 1984.

Along with his many duties as Associate Dean, Dr. Perkins spends much of his time in the Academic Support Center, supervising a program which he helped initiate. He has been an invaluable aid in advising and helping us with college applications and is always willing to explain anything we don't understand. He has taught us and helped us make important decisions that will affect us for the rest of our lives.

We are glad to have this opportunity to recognize you, Dean Perkins, for all the advice and guidance you have given us during our time here at Fisher. You have helped us become professionals and taught us skills that will further our successes, whatever path we follow after graduation. For all the years you have put into making Fisher College a better place, and the time and effort you have spent making us better people, we thank you Dean Perkins. This one is for you, you have helped us become "Simply The Best."

Jennifer Rook
Class of 1991



TO THE CLASS OF 1991

Fisher College is one of the very oldest and best known of the nation's two-year colleges. Its tradition of academic excellence, its unique educational environment, and the high performance level of its graduates for almost a century is positive evidence that your College is, "SIMPLY THE BEST."

This superlative status has come through the hard work of faculty, administration, and tens of thousands of students in the past. As you graduate, you become living testimony every day of the continued excellence of our fine College. The theme of your yearbook "Simply the Best" provides a clear guiding admonition for all of your activities of the future. Professional careers, family growth, and community involvement can, with your enduring attention, always be, "SIMPLY THE BEST."

We at the College have truly enjoyed our association with you in the classroom and in extra-curricular activities. We have rejoiced at your continuous progress and have appreciated our opportunity to be a part of it. Now, as you graduate, we extend our most sincere wish for all the events of your future — that each will be, "SIMPLY THE BEST!"

Sincerely,

Dr. Scott A. Fisher
President

To Members of the Class of 1991:

A college actually maintains two records of the students who pass through its doors — the student transcript and the Senior Yearbook. The former is a single page record of courses taken and grades received. The latter is a lively compendium of pictures, prose and poetry chronicling the events of a class over two years.

To understand the college experience one must take into account the focus of both records — the academic and the non-academic. Good grades and good times should form the basis of one's memory of the college years.

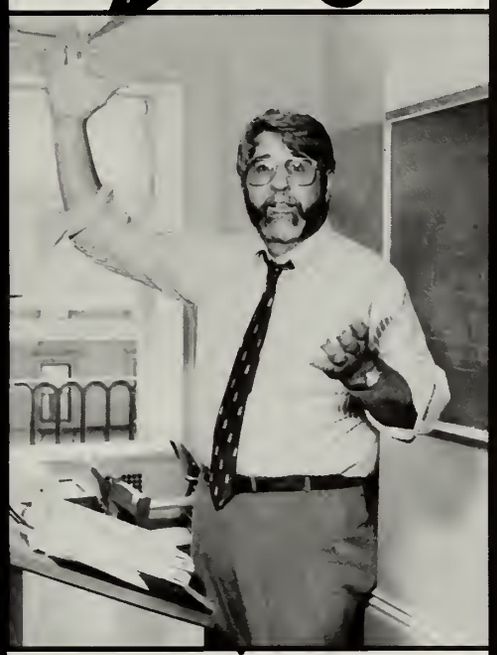
Because the responsibility for preserving the transcript lies in my domain, I know the college expends considerable effort to ensure the record of your academic work here at Fisher remains intact over the years. Transcript duplicates on microfilm are stored in many locations in eastern Massachussetts so that neither war nor natural disaster will ever destroy the record of your academic performance at Fisher.

Each of you will have to assume the responsibility for preserving the memory of the good times which occurred for the Class of 1991. This Yearbook will help to some degree but you should also try to maintain contact with your classmates and your College through its Alumnae activities.

I hope your memories of Fisher are pleasant ones. Do come back to see us from time to time.

Sincerely,

Rodney J. Hinkle
Dean of the College



FACULTY AND ADMINISTRATION

NOT SO,
SIMPLE MINDED . . .

FACULTY

Through the hard times, we have had a hand of comfort.
When we have done our very best, we have had the encouragement to follow through.
And at the times when we were unsure, we have had the knowledge, of those who have experienced much, to guide us.
But most of all it was the caring that brought us to be SIMPLY THE BEST.

ADMINISTRATION & STAFF

A very important ingredient to our school is the people who are behind the scenes working hard to keep things running smoothly. Because our administration is the link that brings together the faculty and the student body, the class of '91 would like to thank them for all the effort they have contributed to making our years at Fisher the best ever.

SIMPLY THE BEST

SIMPLY THE BEST

Congratulations class of 1991! We did it! All of that hard work and effort has finally paid off, and now we will receive our dregrees to show the world our accomplishments.

We have grown and changed immeasurably in our two years here at Fisher. Just think of all the new experiences and people we have come in contact with here in Boston, and the good friends we've made. Remember the first day of school, freshman year, when you didn't know anybody? How about feeling silly at the ice-breaker Mexican Fiesta, looking around for a friendly face? But it didn't take long to settle in, relax, and become part of the school. And being a part of a small, private college like Fisher has given us the chance to grow close to each other and the faculty and administration, as well. They have become more than just our teachers — they have become our friends.

Some of us will continue in our education after graduation, and some will enter the working world with confidence and pride. Whatever we do, and where ever we go, we are SIMPLY THE BEST!

Class of 91'

Edmond Florence Hall 112/114

To the Ladies of 112-114

Time and fate have brought us together. We began as forty-five girls that lived together and have become a family away from home. When I reflect on this past year I remember the many nights we all sat around the R.A. desk talking, the dorm dinners, the times we filled the lounge to watch movies and all the other little things we did that made our dorm special. Now that time is pulling us apart, I hope you look back at our time together with a smile, as I will.

"MON AMI"

I came into your world seeking fulfillment
Something was lacking within me; I felt it
Like a child to its mother
I stretched out my hands
You held on with great strength

You took me in; made me a part of your world.
And under your wings, I grew stronger each day.
That hole, that emptiness which I felt before
seems now to have been filled or gone.

You've changed my life
It's all so much better now
I can ride against the wind
without any fear of falling.

Though I know I'm no longer dependent on you
I know I could never have made it without you.
And as I leave your doors I assure you
You'll never be forgotten
as long as there's life in me.

Mother- Daughter Weekend

Hello and good morning:

My name is Ana Cotter and I am representing all of the daughters that cannot join with their mothers this most enjoyable mother and daughter weekend.

I know how these daughters feel themselves, because my mother is not here either. Perhaps we may feel lonely, sad or even a little homesick, but definitely not undetermined to go on. Breaking away from parents is part of growing up, sometimes absence makes the heart grow stronger. Our mothers are always with us in our hearts and our minds. Some may be more fortunate to have "mom" here this weekend but for others the love, courage and patience we have learned from our mothers will be there until the day we feel a mother's hug again.

It is weekends like this that help students realize this and we are very happy because of it.

I hope that everyone is enjoying this Mother-Daughter Weekend and looking forward to the next.

Thank you!

Ana Cotter Nunez

Phi Theta Kappa

"I do solemnly promise on this the 18th day of November, 1990, to uphold the standards of Phi Theta Kappa, and to make this object and aim foremost in my mind, and do solemnly pledge allegiance to my fellow members and promise to aid them in all worthy endeavors." That was the pledge that we made when we were inducted into the Nu Omega chapter of Phi Theta Kappa. That day we were acknowledged for our outstanding achievements — retaining a GPA at or above 3.5. It was a task thought impossible to most of us but through hard work and perseverance, it has enabled us to be a member of this fraternity. Someone once said hard work pays off — they're right!
